

# RELAY

SEVENTH EDITION - MAY 2023

Yeovil  
College

## Coronation Celebrations

We were proud to support the King and Queen during May. To mark the occasion, College students celebrated throughout the week, which included our hospitality and catering students creating some fabulous coronation themed cakes on sale in our restaurant for learners to purchase, our Preparation for Adulthood learners held a Kings Coronation Day style afternoon tea, and our hair and beauty learners embraced the coronation spirit with creating red, white, and blue nails.

## Young Enterprise Winners

We are delighted to report that the Yeovil College business students have been crowned winners of the Young Enterprise Regional Final, with their innovative business – Bondi Bee Candles.

All independent judges stated that they were the business that they'd be keen to invest in. Despite launching only a couple of weeks ago, Bondi Bee Candles has hit significant profits with their sustainable, home-made, environmentally conscious, and bee-friendly candles, and they have major plans for the future development of their product.

Follow them on Instagram at @Bondi-Bee to keep up to date with their journey and the chance to purchase should you wish.

## Harry Potter Trip

Recently, our Creative Industries and A-Level learners had a visit to the Warner Bros Harry Potter Studio Tour, complete with a workshop in 'Script to Screen'. Our students not only got the chance to see the amazing attractions the studios have to offer but were able to engage and understand a range of different job roles and techniques that go into the making of a film. From set design, staging and props to scripting and illustration work.

We try to arrange as many trips and events as possible for our learners on program as we fully understand the positive impact this can have with your studies.

## Yeovil College You Tube

Yeovil College is a college like no other! Our ambition for our students is extraordinary; our precise and laser-sharp focus is unwavering; and our innovation leaves others behind. We are leaders in technology, facilities and learning environments within the UK through our Institute of Technology and we believe, firmly, that when we believe in more, we achieve more, when we dare to dream, it becomes reality and when our community joins forces, extraordinary achievements are realised. Discover more at [www.yeovil.ac.uk](http://www.yeovil.ac.uk) or follow our socials.

### Construction Trade Expo

Last month we hosted our annual Construction trade expo. Students were able to listen to talks, get involved in demonstrations and hear about the fantastic construction opportunities that are available to them within the local area. This event is designed to encourage students to think about those next steps and take positive action to achieve their goals. Should you be enrolled onto a construction-based course for September 2023 you will have the opportunity to attend this brilliant event to support your studies.

### The future is electric!

Our new Future Vehicles Technology (FVT) car has arrived, and it officially marks the start of our journey into electric and cell technology. The refurbishing of our workshops is the next phase of our visionary development, where over the summer period, they will be stripped, expanded, and redesigned to encompass the next generation of electro vehicle technology.

This is the future of our industry, and we are all in. Should you be enrolled onto a Motor Vehicle course you will have the opportunity and exposure to this extremely exciting technology during your time at Yeovil College.

### The Yeovil College netball team are unbeaten!

Following a hugely successful season, our Yeovil College netball team are now moving up to division 2 with an ambition to keep on climbing.

*Congratulations to our extraordinary squad!*

When you are at college you will be given more information about how you can join one of our fantastic sports teams through our YC Edge and Enrichment programme.

### New Students' Day

New Students Day is fast approaching, and by now you should have received your invitation for the event on **Thursday 29th June**.

You would have received your invitation from our iZone team however should you not have any information, and you would like to sign up for this day please get in touch with [iZone@yeovil.ac.uk](mailto:iZone@yeovil.ac.uk) or alternatively you can pop them a call on 01935 423921.

This is a day not to be missed by any future Yeovil College student. You will receive an information pack including lots of extremely useful information, meet your tutors, fellow students and be able to familiarise yourself with campus and ask any questions you may have prior to starting in September.

### Yeovil College Creative Festival 2023 is coming to a venue near you – Sparkford Hall!

All Year 11 students, who are joining us next year or are thinking about pursuing a career in any of the creative arts, including graphic design, media, photography, art and design and digital media, then you are invited to our Final Art Exhibition and Film Screening at one of our region's most beautiful venues.

We are delighted to be taking full ownership of Sparkford Hall to showcase our students' work across all further education curriculum and Yeovil College University Centre subjects, from Tuesday 20th to Thursday 22nd June, 10.00am to 4.00pm, and we'd like to invite you to join us.

Call in at any point during our opening hours and you will be made most welcomed by our creative students and staff.
